Design
& Create

What arts can we see in life?

How can we design?

What can you do with ScratchJr ?

Try to create
your own image and story!

Have you ever seen a 3D movie?
What's different between 3D & normal mov
Do you know what 3D is?

what have we made?

Are they 2D or 3D design?

2D and 3D design

2D

It is a design on a flat surface without height, like a drawing on paper.

3D

It is a design in three-dimensional space, with length, width, and height, resembling real objects.

Try to create--3D design on Tinkercad

colour

drag in

change the size

Make it to real life

What 3d design can do to help us?
